Ontario Government's Underhanded Tactics Against Me:

Members of Canadian
Mental Health Association (**CMHA**)
in coordination with
Waterloo Regional Police Services (**WRPS**)
falsely accused me of
"identifying with mercenaries and
having a history of dealings with militants!"

I was apprehended under these
conjured up accusations and
subject to psychological and biochemical harm
through coercive and tortious acts
at Grand River Hospital (**GRH**)
for two weeks!

Members of CMHA, WRPS and GRH
abused me using their vested authority
under the purview of the incumbent
Healthcare Ministry and Ontario Government!
